

CUSTOM IRON SPIRAL STAIRS

Beautiful metal spiral stairs custom made for you. All stairs are designed to your specifications and completely assembled at the factory with a custom-formed handrail, then “knocked down” (KD) for easy re-assembly at the job site. Stair models are available with a variety of handrail materials, but never plastic tubing. **All stair models are customizable by selecting alternate stair balusters, panels, or handrails.** Please inquire.

Backed by a solid warranty, each custom spiral stair is an example of expert engineering and meticulous metal craftsmanship. Made in the U.S.A.

OPTIONS

Spiral stair models include as standard: platform rail, carpet grade tread and platform covers, painted center column cap, and finish in powder coat of Black Satin or Black Flat, or liquid paint finish in Black Primer. Choose from over 30 finish colors and 12 tread or platform cover options, including hardwood in 9 different species.

Most stair models can be fabricated for exterior installations using aluminum, stainless steel, or galvanized steel. **We recommend aluminum for exterior applications.** Please inquire.

PAINT COLORS

In addition to black included as standard, many finish options are available: durable and beautiful powder coatings; classic liquid paints; and unique specialty finishes. Please see our Finishes Brochure for information on all of our finish color options.

Due to paper and ink variations, the colors as shown in this brochure may vary from actual painted samples. Please request a painted metal sample before making your final selection.
